But the refusal of the villages in Loonkhore to pay the little revenue which is demanded of them is not merely a denial of the revenue which they owe, but is in fact a test and trial of British power and of the authority which is henceforth to be exercised over them. It is, therefore, quite indispensable that the demands of the Government should be fully enforced, and that a conspicuous example should be made of these men, the first who have endeavoured to resist the orders of the British officers in this newly conquered Province. The Governor-General requests that the Board will direct Lieutenant-Colonel Lawrence to communicate with the Brigadier Commanding at Peshâwar, in order to take such measures as will reduce these villages to obedience. His Lordship in Council is reluctant, however, to give his consent to any expedition which has for its object the destruction of crops and the burning of villages of tribes who have already been professedly punished for the outrages they have committed. If the Afridis should resume their aggressions, the troops must be called upon to act at once. If the heads of the offending tribes should not make their submission and come to terms, or if they should obstruct the communications through our territories, the British Government must resort to measures which shall be effective and conclusive as soon as the season will permit. But it is hoped that by judicious management the tribes will be brought to see the hopelessness of contending with us. The Deputy Secretary to the Board of Administration submits the reports for the information of the Government of India. It will be observed that the enquiries of the local officers lead them to the conclusion that the attacks of the Umarzai Waziris were directed not against the Government, but against a Bannu Chief named Bazeed Khan, who had given them cause of offence, or whom they supposed to have done so. To check similar inroads by these predatory border tribes, it is proposed to erect towers or outposts at points commanding the principal passes into the mountains, and sanction is asked to the construction of four such posts at a cost not exceeding Rs. 12,000. The Board inform the Government of India of the submission of the Umarzai Waziris, and invite attention to the remarks of the Commissioner and Deputy Commissioner regarding final arrangements for the troops now occupying the Dera Ismail Khan District, it being a matter of much importance to the well doing of these troops that they be made aware whether they are to be retained in the service or discharged. The deduction of the usual sum on account of uniform which has not been supplied appears to have given ground for complaint. The Board therefore solicit sanction to its restoration, or for authority to supply the men with clothing on indent in the usual manner. (D.) (*Vide* Serial Nos. 1137 and 1139 *infra.*)

1222	No. 57, dated 27th August 1850 ... From—Sir H. M. Elliot, K.C.B., Secretary to the Government of India with the Governor-General. To—The Board of Administration for the affairs of the Punjab.	Overtures made by the Amir of Kábul.	The Secretary to the Government of India with the Governor-General acknowledges the receipt of a letter No. 328, dated the 9th August 1850, from the Board of Administration, submitting copies of correspondence between the Deputy Commissioner of Dera Ismail Khan and Sardar Muhammad Azeem Khan, also a letter in original from Amir Dost Muhammad Khan to that officer, and stating the opinion of the Board that friendly relations with the latter are of importance and ought to be maintained. In reply, the Secretary to the Government of India states that the Governor-General is very sensible of the importance of the considerations urged by the Board, and he would gladly seize a favourable opportunity of removing all doubt of our intentions towards the Amir; but it is not for the honor or for the interest of the British Government that we should appear to exhibit any solicitude for the renewal of friendly relations with the Amir or by courting his friendship should countenance the notion that we are uneasy in the prospect of his hostility. The outrage committed by Dost Muhammad Khan against the British Government was gross and unprovoked. It is not, however, His Lordship's intention to demand any reparation from the Amir, which it would be difficult for him to make, or to impose upon him any conditions which would subject him to personal indignity. But neither will His Lordship on his part make advances to him, nor admit him again to favor and amity with the Government without a confession on his part of his wrongful acts, an expression of his hope of pardon and of his desire to be restored to the favour of the British Government. If there be any truth or meaning in the concluding paragraph of the letter which the Amir has addressed to Major Taylor, His Highness is prepared to make the submission His Lordship has described. Major Taylor should accordingly be instructed to reply to the Amir in the terms noted,	Nos. 85-8.

The Commissioner and Superintendent, Lahore Division, forwards a copy of a letter from the Deputy Commissioner of Wazírabad regarding the fort at Siálkot, the property of Raja Tej Singh, in which the Government treasury is lodged, and the gates of which (at present held by the Raja's soldiers), Brigadier Hearsay wishes to make over to the Treasure Guard. Notices the Raja's reluctance to part with the fort or to allow the Government sepoys to take charge of the gates, and communicates his own opinion on the subject. (O.)	Nos. 51-4.
	No. 352, dated 18th March 1851 ... From—The Deputy Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent, Lahore Division.		The Secretary to the Board of Administration replies that there can be no objection whatever (indeed it would be beneficial to Government) if the present jagir of Raja Tej Singh at Siálkot could be exchanged for another. The purchase of the fort, the gates of which the Brigadier Commanding the Wazírabad district is desirous of holding with our own sepoys as a security to the Treasure Guard inside the fort, or an exchange of a house for it, would not meet the point of honour urged by the Confidential Agent of the Raja. His holding the fort the Board does not conceive to be contrary to rule, but the orders of Government require that it should be rendered untenable, which they believe it to be from its having no gate. The Board are at a loss to see the necessity for taking the treasure inside the fort at all : it is this that has caused the difficulty. (D.) (*Vide* Serial No. 1501 *infra.*)

1457	No. 422, dated 12th November 1850 From—W. Edwards, Esquire, Superintendent, Hill States, Simla. To—P. Melvill, Esquire, Secretary to the Board of Administration, Punjab.	Conduct of Wazir of Bashahr.	The Superintendent, Hill States, Simla, acknowledges receipt of the Board's letter of the 31st October 1850, regarding the administration of the Bashahr State; forwards copies of the instructions issued by him to Wazir Mansukh Das, and reports generally on the administration of that individual. (O.)	Nos. 86-7.
	No. 362, dated 19th March 1851 ... From—The Deputy Secretary to the Board of Administration, Punjab. To—The Superintendent, Hill States.		The Superintendent is informed in reply that, after a perusal of the Vernacular Proceedings, the Board does not perceive that any of the 56 parwanahs addressed by him to the Wazir contain what can be called advice, except that issued under the orders of 31st October. Unquestionably, however, it was the intention of Government and the Board that the Wazir should be aided by the Superintendent's "advice and countenance" and directed by rules laid down for his guidance. The parwanahs issued by the Superintendent do not fulfil these conditions. On the contrary, the Board think that the style of address adopted by the Superintendent (who wrote to the Wazir as if to a Thanadar) was such as must have tended to weaken his authority. The Wazir needed all the support possible, but what more severe blow could there be to his power than the receipt of a parwanah such as that of 23rd September 1850 fining him Rs. 500, imposing a further fine of Rs. 250 a day until the complement of coolies for the Governor-General is ready, and further stating that he will be fined more in case the road coolies are taken for His Lordship. The daily fine probably exceeds the Wazir's yearly income, and is not far short of the daily revenue of Bashahr. The Board observe that such an order was either a dead letter or else it was in effect a license to the Wazir to plunder the country. The Wazir may have behaved ill, but knowing the probable movements of the Governor-General the Board think the Superintendent should have given such warning and taken such measures as would have met the occasion. Everywhere the Board observe, but especially in the hills, more is to be done in such matters by personal influence and local knowledge than by strongly-worded parwanahs. (D.) The family of the Mirza were at Peshâwar when Mr. Elphinstone visited it in 1809, and were of service to that officer. On the outbreak in 1848, when Major G Lawrence was compelled to quit Peshâwar, the Mirza sent one of his sons with him towards Kohât, but recalled him on his conceiving that the Sikhs had got the upper hand. On the arrival at Peshâwar of the force under Major-General Gilbert the Mirza fled to the hills and only returned to witness the confiscation of his property, after which he again escaped to the mountains. He has now returned to Lahore and is in destitute circumstances. The Board accordingly recommend a pension of Rs. 50 per mensem for him from the 1st January 1851. (*Vide* Serial No. 1733 *infra*.) The Secretary to the Board of Administration forwards a copy of the preceding to the Government of India, and states that the Board do not altogether agree with Captain Coke in his estimate of the value of Miranzai, but they do not doubt that if we have command of that valley smuggling will be checked. The question is whether a fort at Stooroozai or Der Summand will command it, and further whether a fort so placed would stop smugglers The Board doubt both points, though they believe Captain Coke would effect as much as could be done by most men to secure these objects. The arrangements for the fort at Bahádur Khel seem judicious, but it is to be regretted that it has been found necessary to reduce the force at that place to provide an escort for treasure from Shahpur to Kohát. The Board suggest that His Excellency the Commander-in-Chief should be asked to provide escorts for treasure. (*Vide* Serial No. 1695 *supra.*)

In reply to the above, the Secretary to the Board of Administration informs the Commissioner of Leiah that Major Edwardes originally proposed a jagir of Rs. 3,000 per annum for Kalu Khan; the Government sanctioned a cash allowance of Rs. 3,000 per annum instead, as service pay, with a retiring pension of Rs. 1,000 per annum, which the Board consider a very handsome provision for a man whose services, however meritorious, only extended over a couple of years. Adds that the Board are strongly opposed to give any increase, and if Kalu Khan retires it should be an open question whether his brother shall succeed him or not. He could not, however, hope to get the allowances which Kalu Khan enjoys. (D.)	Progs. for the week ending 14th February 1852— Nos. 58-62.

			that, should there be any reason to doubt the complicity of the Swatis in the recent murder of the Tahsildar of Chársadda, it will on no account be expedient for the force under Brigadier Campbell to enter the Valley of Swát, but the inhabitants of all the villages of Ránizai and Utmán Khel who have in any way committed themselves should be attacked and punished. Abbott, Deputy Commissioner, Hazára, forwards, for the Board's consideration, a statement of the complaints preferred by Sultan Khan of Muzaffarabad against Maharaja Golab Singh's treatment of him; states that it has long been his impression that the Jammu Kardars were endeavouring to effect the ruin of that Chief; solicits confirmation to a sanad (which by oversight has not hitherto been confirmed) by the Maharaja and Major Edwardes, granting to the Sultan Rs. 300 per annum out of the proceeds of his possession of Beerungulli, which has fallen within the British boundary; states that the Sultan's son is in constant attendance in Hazára; and, in conclusion, begs that the Sultan's Vakil may be summoned to Lahore to give further particulars of the case. (O.)	Nos. 24-8.
	No. 692, dated 26th June 1852 ... From—The Secretary to the Board of Administration, Punjab. To—The Deputy Commissioner, Hazára.		In reply, the Secretary to the Board of Administration states that the Board consider that the Sultan has been wanting in respect to his master, and that the Board cannot interfere further than the President has already done, by advice to both parties, which is the utmost that the relations of the British Government with the Maharaja justify; disapproves of the Sultan's correspondence, and requests that he be informed that the Board will only intercede in his behalf if he is obedient; requires further information about the sanad said to be signed by Major Edwardes; states that the Board would prefer that the Sultan's son were not in constant attendance upon the Deputy Commissioner, and requests him to correspond with the Board through the Commissioner.
